

Durability meets Functionality.

Tough Tek Metals® Patio Screen Door

Tough Tek Metals® Patio Screen Doors offer an un-matched strength and security in a patio screen door. While the box store brands bend, tear, rip and deteriorate, the Tough Tek Patio Door is practically life-proof. Designed with an aluminum frame and stainless steel mesh, these screen doors resist kids, pets, knives, bugs, walk-ins and regular wear and tear. These doors will not rust, rot or deteriorate.

- ◆ Extruded Aluminum construction means these doors are built to last!
- ◆ Stainless steel mesh screens won't rip, tear or warp.
- ◆ Durable, 2" wide frame made from extruded aluminum.
- ◆ U.S. Patent No. 9,617,784 Tough Tek Metals® technology.
- ◆ Easy installation and unique height adjustment.
- ◆ Heavy duty locking system with steel latch.
- ◆ NO more rips & tears around the handle!
- ◆ NO more kid or pet damage!
- ◆ NO more patio screen door replacements!
- ◆ Steel roller wheels, not plastic, for added durability.

Frames available in:

White

Rustic Brown
